

Your one-stop drug resource from VIN – now pocket-sized!

VINners worldwide love the VIN[®] Veterinary Drug Handbook (VVDH), a comprehensive formulary with referenced, continually updated drug information.

The VVDH **mobile app** adds a big dose of convenience and speed to this essential VINner tool!

**Download
for FREE!**

NEW! Your VVDH just got even better with **MyNotes**!

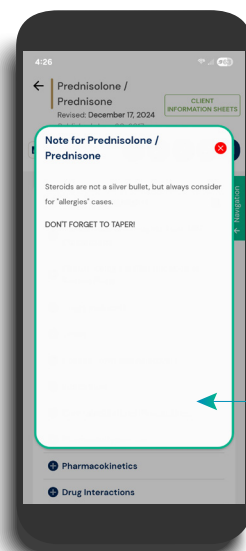

Have you ever wished you could add notes about an important drug, go-to protocol, or helpful tip from a colleague to your VVDH? Now you can with **MyNotes**!

MyNotes makes it easy to store your personal insights for convenient access whenever you need it.

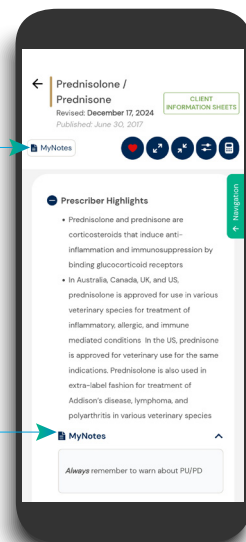

“The app rules. Saves me so much time. Thanks for making it available!”

- Dr. David Simison,
VIN Member

Add **Notes** to specific subsections for more distinct reminders.

OR

Add your personal **Notes** to drug monographs for big picture information.

One more reason to love being a part of the VIN Community.

Prescribe with Accuracy and Ease

Detailed drug monographs with referenced doses for peace of mind

Built-in dosage calculator for fast, seamless drug dosing

Prescriber Highlights to summarize the information you need

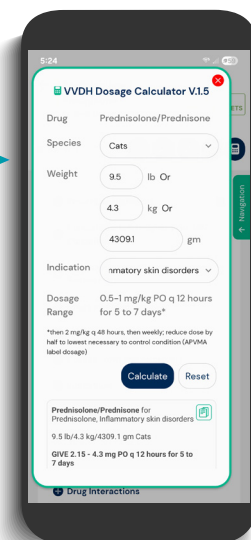

Clinical Pearls from VIN Consultants for advanced insights from experts

Interactions, precautions, and adverse effects for safe prescribing

Client Information Sheets to meet state legal requirements and inform your clients

Why use the app?

Lightning fast and super convenient – the entire VVDH at your fingertips!

Included with your VIN membership.

Information is organized and presented in a mobile-friendly format.

Everything you love about the VVDH, optimized for your mobile device.

Stay logged in – log in once and you're all set!

Get the app!

Using the VVDH app is like carrying the prescribing know-how of your entire VIN Community in your pocket!

Download the VVDH app today!
