VIN Search!

EVERYTHING YOU NEED IN **ONE** PLACE

Now even easier to find and digest!

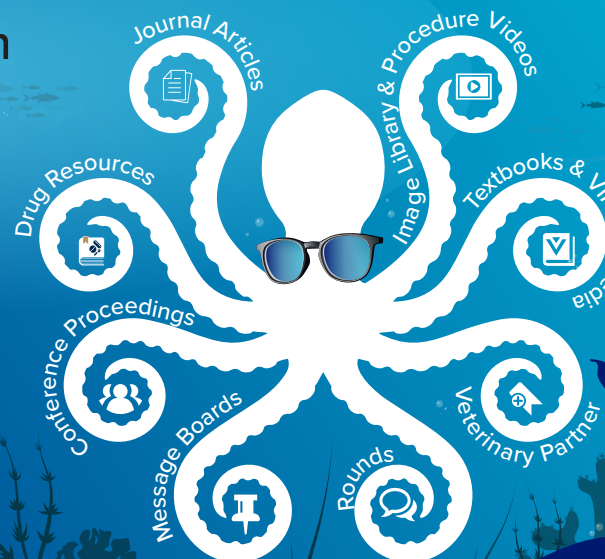

VIN AI Mode quickly searches the VIN ocean of content for you, bringing you a referenced, easy-to-read summary of relevant results in just seconds.

AI Mode's speed and efficiency mean you can spend less time searching and more time doctoring.

AI Mode dives into the deep ocean of VIN content for you.

VIN AI Mode is the only AI with access to the exclusive VIN database, comprised of all the reliable, peer-reviewed VIN resources and community content you've come to know and trust. And every AI Mode response is cited, giving you quick access to the exact VIN resources used to develop that reply.

“VIN's new AI Mode is a life-saver. It's like talking to my favourite university professor about my patients! ”

Dr. Chiara Matrone, VIN Member

AI - the VIN way

So, what makes VIN AI Mode different from all other AI programs?

Designed for vets, by vets®.

AI Mode, like the rest of VIN, was built on member feedback and thoroughly tested by members.

Member privacy comes first.

VIN member data is never shared outside VIN or used to train AI Mode. Rest assured, no one is getting their tentacles on your information!

AI—with the human touch.

Technology is great; people are better. VIN Search excels thanks to teams across VIN. AI Mode leverages all that work, taking VIN Search to a new level.

Information you can trust.

AI Mode cites every response using the same reliable, peer-reviewed VIN resources and community content you've always depended upon and trusted.

“ I am truly loving the AI option.

The greatest benefit of the AI Mode is the time saved getting the answers I need. ”

Dr. Brian Ashmore, VIN Member
